

# Korean Tribute Stones

Korean Tribute at The Highground.

Donations for the Korean Tribute Stones will be used to provide future upkeep. These stones will be placed once each year in the Phase II location of the Tribute. All are invited to be a part of this special ceremony.

**Korean Tribute Stones on The Highground are a tax-deductible donation of \$575.**

We, 22 Korean Veterans, have chosen to place a tribute to the veterans of Korea at The Highground Veterans Memorial Park. The tribute was dedicated on Saturday July 28, 2007. We chose The Highground because they are dedicated to their mission of healing, education, and remembering our veterans, their families, organizations and friends. One of the ways The Highground furthers its mission is through our stone programs. Stones and their accompanying Registries are used to preserve and honor the memories of our veterans, their families, and friends.

Korean Tribute Stones stand apart from Legacy and Meditation Stones in two ways. They are a polished black granite stone, 8" x 12" x 1.25", with white lettering allowing for 3 lines of 20 spaces each. Korean Tribute Stones are placed vertically on the face of the inside wall of the walkway of the Korean Tribute.

The number available is limited by the area of the wall, approximately 170 total.

Wording For Stone: 3 lines of 20 spaces each using only letters and numbers (no special characters or punctuation):
